

THE WINTER BALL 2015

A night of Grandeur and Gaiety

Hobart's historic grand and gracious Town Hall is the wonderful setting for our second Scottish Country Dance Winter Ball. This will be a memorable night with Chris Duncan and Catherine Strutt our musicians, inviting us to grace the magnificent original parquet floor of this very beautiful hall. With everyone resplendent in their evening attire, the night promises to be an exciting spectacle.

After a welcome greeting, we will commence the evening with the Grand March to the stirring sounds of a piper, to form sets for the first dance of the evening. We will try to surpass last year's magnificent displays during the evening to entertain you when you need a little time to catch your breath. And half way through the evening, we will provide some gastronomic splendour to excite the palate and fortify the physical reserves for the remainder of the evening's dances.

Make contact with your dancing friends in Hobart and enjoy the weekend. With the backdrop of winter clad Mt Wellington, there are many ways to spend your time here. On Friday evening Chris and Catherine will give a concert so you might like to really have your fill of great music, and rest your feet the night before the ball.
